Abijith C G

Pursuing Computer Science Engineering | Diploma in Computer
Hardware Engineering | Web developer |
Kollam, India

Summary

Currently pursuing a Bachelor's degree in Computer Science
Engineering from Lovely Professional University, with an expected
graduation date of July 2027. Completed a diploma in Computer
Hardware Engineering from Government Polytechnic College
Ezhukone Kollam in May 2024, demonstrating a strong foundation in
hardware systems.

Recently completed an internship at Techosa, focusing on sensor
implementation in embedded systems and robotics. Skilled in
Java, object-oriented programming, and hardware integration.
Certifications from Google, IBM, and the University of Colorado
reflect a commitment to advancing knowledge in full-stack web
developer, front-end, designer, UI/UX design, networking and
operating systems. Dedicated to contributing technical expertise to
innovative engineering solutions.

Experience

Techosa
Sensor Implementation in Embedded Systems
May 2023 - June 2023 (2 months)
Kollam, Kerala, India

• Completed a specialized internship focused on sensor implementation in
embedded systems, robotics, and AI.
• Collaborated with a team to design and test innovative sensor solutions for
various applications.
• Gained hands-on experience in programming and troubleshooting embedded
systems.
• Developed strong problem-solving skills while working in a fast-paced startup
environment at Techsoa.

Education

Lovely Professional University
Bachelor's degree, Computer Science Engineering · (August 2024 - July 2027)

Government polytechnic college Ezhukone Kollam
Diploma of Education, Computer hardware Engineering · (September 2022 - May 2024)

S V M M H S S
Higher Secondary Education, Computer Science · (August 2020 - June 2022)

Divine public school Puthoor. Kottarakara
Higher school · (June 2019 - March 2020)
